

EDUCATING ALL STUDENTS (EAS); 2024-2025: Initial and Advanced Programs

PURPOSE

The New York State licensure exams address New York Education Law and Commissioner's Regulations, which require prospective New York State educators to pass designated tests as a requirement for receiving state certification. The explicit purpose of these tests is to help identify those candidates who have demonstrated the appropriate level of knowledge and skills that are important for performing the responsibilities of an educator in New York State public schools for certification.

ADMINISTRATION

As a proprietary exam, EAS is administered by New York State Teacher Certification Examinations (NYSTCE) as a computer-based assessment (2024-2025). The exam is a requirement for initial program candidates to complete as part of their program of study. For Advanced Programs, most candidates have completed the exam for certification prior to program admission, thereby accounting for the variations in exam completers across initial and advanced programs.

INSTRUMENT

The Educating All Students exam (EAS 201) addresses five competencies related to the professional and pedagogical knowledge and skills necessary to teach all students. Two of these, Teacher Responsibilities and School-Home Relationships, are assessed by selected-response items only. The other three competency areas – Diverse Student Populations, English Language Learners, and Students with Disabilities and Other Special Learning Needs – are each assessed by a combination of selected-response questions and one extended constructed-response item. These items require candidates to analyze a variety of data to flexibly apply pedagogical knowledge and “to use research-validated instructional strategies that are responsive to the characteristics and learning needs of students with a broad range of backgrounds and needs.” As criteria for success, our EPP target is to meet or exceed the average state level pass rate benchmarked at a minimum average of 80%.

Exam competencies are aligned with CAEP, InTASC, College and Career Readiness standards, and professional standards for respective disciplines. Competencies are also tagged to the Touro Candidate Learning Outcomes (CLOs) and indicators for Equity and Access.

RELIABILITY AND VALIDITY

The New York State Teacher Certification Examinations (NYSTCE) were validated in accordance with professionally accepted procedures for the validation of certification tests and was monitored by the New York State Education Department. Reliability is determined through repeated administrations of each exam. Estimates for reliability for all NYSTCE tests are typically in the range of 0.95 to 0.98.

ANALYSIS

EPP

The pass rates for both Initial and Advanced Programs were higher than the State required target of 80% across all programs delivered in Manhattan, and Flatbush (Brooklyn) for the 2024-25 administration.

Early Childhood/Special Education B-2 (I).

The Manhattan campus program pass rate for 2024-2025 was 89.7%, and 91.9% at the Brooklyn campus.

Childhood Education/Special Education 1-6 (I).

The Manhattan campus program pass-rate was 93.6% and 92.5% in the Brooklyn campus.

Adolescent Special Education 7-12 (I).

The Manhattan campus program pass-rate was 94.7%, the Brooklyn campus pass-rate was 80%.

Early Childhood Education and Special Education Trans-B- (B-2) (I).

The Manhattan campus program pass-rate was 100%.

Childhood Education/Special Education Residency 1-6.

The Manhattan campus program pass-rate was 99.0%.

Adolescent Special Education (7-12) Trans-B.

The Manhattan campus program pass-rate was 97.2%.

Autism Concentration Trans B

The Manhattan campus pass rate was 100.0%

Jewish Childhood Education/Special Education Gr 1-6 (I).

The Manhattan campus program pass-rate was 100%.

Mathematics Education (I).

The Manhattan campus program pass-rate was 88.9%.

PROPOSED ACTIONS FOR PROGRAM IMPROVEMENT

EPP. To improve and sustain scores at or above an overall 80% pass rate, each program will organize coursework according to a developmental sequence. In redesign of the roadmap, candidates will be advised a specific academic term in which to take the EAS workshop and Exam.

Early Childhood/Special Education B-2 (I). The target for improvement is to maintain the pass rate to 89.7% for the Manhattan site and to maintain the pass rate at 91.9% for the Brooklyn site.

Childhood Education/Special Education 1-6 (I). The target for improvement is to maintain pass rate at 100% for the Manhattan site, and to maintain the pass-rate at 92.5% for the Brooklyn site

Adolescent Special Education 7-12 (I). The target for improvement is to maintain pass rate to 94.7% for the Manhattan site and to increase the pass rate to 85% for the Brooklyn site.

Early Childhood Education and Special Education Trans-B- (B-2) (I)

The target is to maintain the Trans-B: Early Childhood Education and Special Education (B-2) (I) 100.0% pass rate for the Manhattan site.

Childhood Education and Special Education Residency (Grades 1-6) (I),

The target is to maintain the Childhood Education and Special Education (Grades 1-6) (I) 99.0% pass rate for the Manhattan site.

Adolescent Special Education (7-12) Trans B

The target is to maintain the Adolescent Special Education (7-12) Trans-B 97.2% pass rate for the Manhattan site.

Adolescence Special Ed 7-12 Autism Concentration Trans B

The target is to maintain Adolescent Special Education 7-12 Autism Concentration Trans B at 100.0% pass rate for the Manhattan site.

Jewish Childhood Education/Special Education Gr1-6 (I). The target is to maintain the 100% pass rate for the Manhattan site.

Mathematics Education (I). The target is to maintain the 88.9% pass rate for the Manhattan site.
